WELCOME TO ARROW INDUSTRIES

Arrow Industries has been supplying quality products to the appliance, water treatment, plumbing and hardware industries since January, 1931! We have over 90 years of continuous service to the trade. From its humble beginnings in a small workshop in Glendale, California, Arrow has evolved into a world leader in the distribution of innovative gas and fluid technologies.

Arrow does business with many types of companies: Retail Appliance Dealers, Appliance Installers, Water Treatment Dealers and R.O. Assemblers, New Work and Repair Plumbing Companies, Hardware Stores, Home Centers, Fireplace and Hearth Dealers, and many more. We do NOT sell our products to consumers or homeowners and do not sell on third party websites (Amazon, ebay, etc.).

Arrow is NOT a manufacturer. We source products from many trusted manufacturers and constantly check product quality, reliability and on-time delivery. We hold our vendors to a very high standard, and make trips to our suppliers factories to assure the consistent delivery of quality products and packaging.

Our goal is to provide top quality, dependable products to our customers at a competitive price time after time. We work diligently to remove any doubt in our customers' minds regarding reliability, available, and pricing so that you can concentrate on your business.

As a testament to our high level of customer satisfaction, many of the customers who buy products from Arrow are actually third generation family business owners whose grandparents started doing business with us.

Your sales team member will carefully compile a listing of the items YOU need and use, and create a special order sheet tailored specifically to your needs.

Your sales specialist will keep you informed of changes in the industry, and bring you new and innovative items for your review. We also provide many other special services, such as customized inventory management tailored to your specific needs, bin boxes to help you organize your stock room, and custom bin labels to facilitate easy reordering.

Partner up with Arrow and see what we can do for you!

TERMS & CONDITIONS OF SALE

ARROW INDUSTRIES is a wholesale distribution organization. Our only channel of distribution is business-to-business. We do not sell to consumers.

OPEN ACCOUNT: will be extended only to those companies with good credit ratings. If credit has not been established with us, please submit a credit card number and expiration date with your order. We accept the following credit cards: Visa, Discover, Master Card and American Express. A 3% Credit Card fee will be included in each transaction. If an open account is desired for your company, please submit a credit application on our form (available on our website www.arrowindustries.com). Be sure to allow sufficient time for credit clearance, as some suppliers will only give references by US Mail.

HOLD SHIPMENT: no merchandise will be shipped to customers who have unpaid invoices older than 45 days from invoice date. A late payment charge will be added to all past due accounts.

ALL ORDERS however submitted to us, are subject to acceptance by the proper authority at our main office. Our salespeople do not have the authority to alter any company policy.

POSSESSION OF THIS CATALOG: does not constitute an offer to sell. Our prices are subject to change without notice, and all merchandise will be shipped and invoiced at the price in effect at the time of shipment. We also reserve the right to adjust order quantities to standard package quantities if within 15% unless otherwise stated in the purchase order from the customer.

PRICE QUOTATIONS: Any special price quotations shall be good for a period not to exceed 90 days from the date of the quotation OR the quoted expiration date, whichever is sooner.

SALES TAX: All customers are required to furnish us with a valid, current sales tax exemption certificate. If such a certificate is not in our possession we are legally bound to charge the applicable sales tax.

RETURN POLICY: No merchandise will be accepted for return without a return goods authorization (RGA) issued by our main office. Material sent to us after obtaining an RGA number must bear that number on each package, and must not be sent freight collect as we will refuse it. All returns made for reasons other than defective goods are subject to a 15% restocking charge. We will not accept for return items not sold by us, items we have discontinued or leaded items. We will accept packaged items torn out of packages by retail customers for repackaging at our current packaging price.

BACKORDERS: If we are temporarily out of a particular ordered item we will carry a backorder for no more than 30 working days from the shipment date and ship the products to you once they are available. If you do not want backorders, please inform your salesperson or let our office know.

TITLE TO MERCHANDISE: Title to merchandise (ownership) does not pass to the purchaser until the invoice covering the goods is paid in full.

WARRANTY: Our warranty shall be limited to the replacement of any merchandise sold by us which is found to be defective in material and/or workmanship. Such merchandise must be returned to our main office for examination. In no case shall the credit exceed the original purchase price, nor shall it include any installation or labor charges of any kind. ARROW INDUSTRIES retains the right to determine if such merchandise returned to us is indeed defective.

MINIMUM ORDER: Orders must total at least \$250.00 net.

ARROW INDUSTRIES is a master distributor of wholesale plumbing, water treatment, hardware, electrical, and appliance installation materials. We are not a manufacturer. To protect both ourselves and our customers from defective products, Arrow carries Product Liability Insurance.

We spend a lot of time and effort to make sure the items we sell are of good quality and the manufacturer is reputable. Before we purchase items for sale we ask each of our manufacturers to provide us with samples of their products for testing, and to provide us with evidence of THEIR Product Liability Insurance.

No matter how careful we are to obtain quality products and deal with reputable manufacturers, occasionally a product fails. Our policy on such a failure is to replace the failed item with a new one at no charge.

Sometimes when a product fails, the surroundings are damaged as well (such as a water leak ruining a floor, etc.). When this happens, Arrow needs the offending part back, along with a complete description of the damage, with estimates and photos, if possible. It is very important to retain close custody of the failed part so we can return it to the manufacturer and ask them to make good on the damage. When we get the part back we inspect it, photograph it, and send (or take) it to the manufacturer for their testing and evaluation.

PLEASE BE AWARE THAT NOT ALL DAMAGE CLAIMS SUBMITTED TO ARROW ARE CAUSED BY A FAULTY PRODUCT! A good portion of the time when a product fails it is from over-tightening, mis-use, improper use, or damage to the product prior to installation. This has been the case with MANY of the claims that were submitted to us. Some claims are **disallowed** by the manufacturer if they can prove mis-use or over-tightening. **The only way a manufacturer will pay for damages is if the part they made actually failed after having been properly installed.** Over tightened parts cause product failures and the damage to the surrounding home will not be repaired by the manufacturer.

Please keep in mind that often it takes months for the manufacturer to complete its investigation and testing process. We have seen damage claims take as much as a year to clear. We advise our customers to have the end user submit the damage claim to their homeowner's insurance company, and have their insurance company repair their home in a timely manner. The insurance company can then follow up with us and the manufacturer in a process called SUBROGATION to get their money back.

Rest assured that we here at ARROW will do everything we can to hasten the investigation and testing process, and if upon inspection by the manufacturer the product failed after being properly installed, we will ask the manufacturer to pay the claim promptly.

GAS CONNECTORS

3/8" O.D. Flexible Gas Connectors are used primarily for single-burner, low B.T.U. applications:

- Gas Clothes Dryers (Check your local codes; some states require 1/2")
- Space Heaters, Wall Heaters and Gas Logs.
- Available in stainless steel and yellow poly-coated stainless steel.

STAINLESS STEEL GAS FLEX: 3/8"

These part numbers are for nut x nut connectors. Please select your desired combination of end fittings or specify the end fitting or valves you need.

Gas Connectors

COMMERCIAL

These Commercial Gas Connectors are 1" OD gas connectors engineered for gas appliances with high BTU requirements.

Dura Trac Commercial Gas Connectors are made with a corrugated stainless steel inner core. The second layer is stainless steel wire which is tightly braided over the corrugated stainless steel inner core. The final layer is a thick rubberized vinyl coating containing MICROBAN (an anti-bacterial agent). The connector is designed for food service application where frequent moving of the appliance is required for cleaning.

Commercial Gas Connector with Kit

Commercial Gas Connector without Kit

DESCRIPTION

01-DRCY8836	1"OD Tube x 36": 3/4" MIP x 3/4" MIP with Microban coating
01-DRCY8848	1"OD Tube x 48": 3/4" MIP x 3/4" MIP with Microban coating
01-DRCY8860	1"OD Tube x 60": 3/4" MIP x 3/4" MIP with Microban coating
01-DRCY8872	1"OD Tube x 72": 3/4" MIP x 3/4" MIP with Microban coating

Individual Parts Sold Separately

DESCRIPTION

01-2812	3/4" FIP x 3/4" FIP Straight Ball Valve
01-DQ89-12	3/4" FIP x 3/4" FIP Quick Disconnect
01-DRC-1	Restraint Cable
01-DS90-12	3/4" FIP x 3/4" MIP Swivel Elbow
42-0212	3/4" FIP x 3/4" MIP 90 degree Black Street Elbow

Gas Connectors

OUTDOOR GAS APPLIANCE SUPPLY HOSES

The hoses are designed to supply natural gas OR propane to Barbecue grills, Patio heaters, Fire pits and many other outdoor gas appliances.

Part No. 06-103219 is designed for appliances using up to 60,000 BTU/HR. It is provided with a twelve foot hose with 3/8" female flare swivel on the appliance end and a 3/8" NPT female quick disconnect on the supply end,

Part No 06-103291 is designed for appliances using up to 135,000 BTU/HR. It is provided with a twelve foot hose with 1/2" female flare swivel on the appliance end and a 1/2" NPT female quick disconnect on the supply end.

P/N	DESCRIPTION
06-103219	3/8" x 12' Gas Hose
06-103291	1/2" x 12' Gas Hose

OUTDOOR GAS REGULATORS

This Barbecue Grill Regulator is used for connecting low-pressure propane appliances such as Barbecue Grills, Patio Heaters, Fire Pits, or Crawfish Burners to a propane tank via Type1 tank connection.

P/N	DESCRIPTION
06-QCC1	3/8" Flare
06-QCC2	1/2" Flare

LOG LIGHTER VALVES

Includes Chrome Flange & 5/16" Long Key

06-9258A 1/2" FIP Straight

06-9259A 1/2" FIP Angle

06-9001 5/16" Long Key x 3 3/4"

06-9002 5/16" Long Key x 2 1/4"

06-9003 1/4" Long Key x 10"

06-9004 5/16" Long Key x 10"

Gas Connectors

QUIET FLEX

Introducing Quiet-Flex, Arrow's flexible stainless steel gas connectors for gas logs, fireplaces, gas barbecues, and other gas appliances. The Quiet-Flex is designed to help "Quiet" the whistling sound that gas flow produces in higher BTU installations.

Arrow offers the Quiet-Flex in regular stainless steel and a black-coated stainless steel. The black-coating helps hide the connector from view and can withstand temperatures up to 350 degrees.

GAS DRYER INSTALLATION KITS

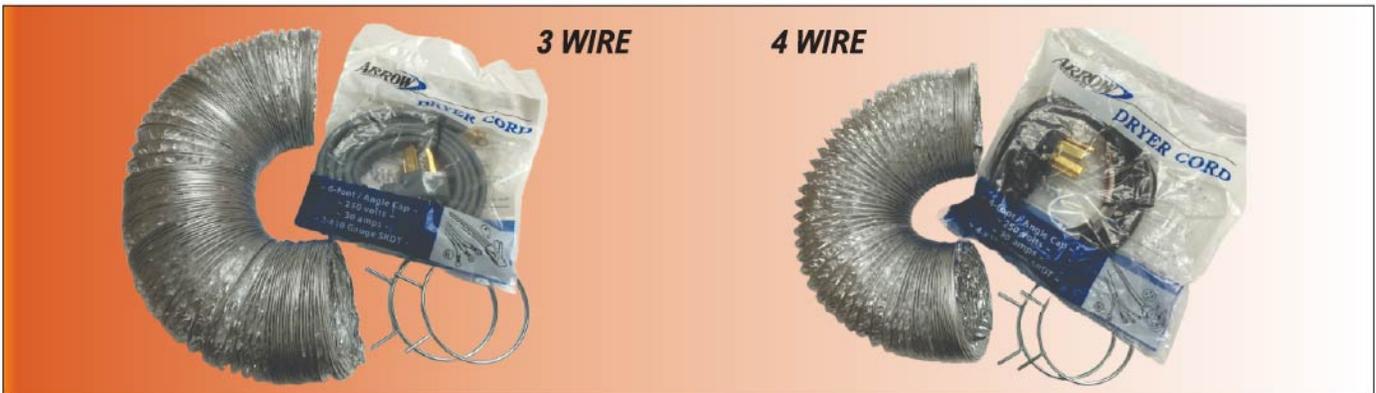

P/N **Description**
03-710P 4 foot gas dryer kit (1/2" O.D. gas line)
 1 ea. 1/2" X 48" S/S gas connector
 2 ea. 1/2" flare X 1/2" MIP adapter
 (inside tapped 3/8" FIP)
 1 ea. 1/2" flare X 3/4" MIP adapter
 (inside tapped 1/2" FIP)

P/N **Description**
03-502P 4 foot gas dryer kit
 1 ea. (3/8" O.D. gas line) (1/4" ID) 1/2MIP
 1 ea. 1/2 Female Adapter
 1 ea. 4 x 8 5 Ply Ducting
 2 ea. 4" Spring Vent Clamp

P/N **Description**
03-512P 6 foot gas dryer kit
 1 ea. (1/4" ID) (3/8" O.D. gas line) 1/2MIP
 1 ea. 4 x 8 5 Ply Ducting
 2 ea. 4" Spring Vent Clamp

ELECTRIC DRYER INSTALLATION KITS

P/N **Description**
03-620-5P Electric dryer kit (4 ft. 4 wire cord)
 1 ea. 4 foot 4 wire dryer cord
 5 feet of 5 ply foil ducting
 2 ea. 4" spring type vent clamps

P/N **Description**
03-655P Electric dryer kit (6 ft. 3 wire cord)
 1 ea. 6 foot 3 wire dryer cord
 8 feet of 5 ply foil ducting
 2 ea. 4" spring type vent clamps
