UNIQUE
APPLIANCES

A tradition of well-built, one-of-a-kind appliances

Unique Appliances Ltd. was founded over 30 years ago and has always been at the forefront of offering well-made, uniquely designed appliances at affordable prices. Investing in innovative, cost-efficient manufacturing processes without ever cutting corners enables us to pass significant savings on to the consumers.

Over the years, Unique has come to be known for a wide selection of gas ranges, bottom-mount refrigerators and freezers which are available in conventional, retro and off-grid options. Our Classic Retro family is a full suite of appliances perfectly matched to bring that 50's era into your kitchen while maintaining all the modern functionality you've grown accustomed to. Our Prestige line of compact appliances are specifically designed to meet the needs of modern compact kitchens delivering on both performance and space saving design.

At Unique, we look forward to continuing this tradition of innovation by introducing new appliances, to meet the growing and changing needs of today's consumer.

“Our goal is to bring innovative, quality appliances to wherever customers call home.”

RETRO REFRIGERATORS

Practical, convenient, and designed to match your style. Our wide selection of Classic Retro by Unique refrigerators are available in a selection of nostalgic, eye-popping colors. Immerse your kitchen in 50s mid-century modern from top to bottom with our line of Classic Retro Refrigerators & Freezers.

Multiple Color Options

Add a touch of vintage charm with our 50's inspired color options. From marshmallow white to classic mint greens, these nostalgic hues bring retro flair to your fridge, blending timeless style with modern functionality. Perfect for those who want to bring a bit of mid-century magic into their home!

Chrome Assents

Step back in time with a retro-inspired chrome finish on our zinc cast handles, trims and logo. Combining vintage style with modern durability, these premium materials offer a timeless aesthetic and exceptional strength, giving your product a classic, polished look that's built to last!

Adjustable Wine Racks

Designed to fit seamlessly into your fridge. Customize the space to hold your bottles securely at the perfect angle, ensuring optimal storage and easy access.

Energy Efficient Units

Enjoy both savings and sustainability with our energy-efficient units. Designed to minimize energy consumption while maintaining optimal performance, these units help reduce your carbon footprint and lower utility costs, all without compromising on quality or functionality.

PROPANE REFRIGERATORS AND FREEZERS

Designed for off-grid living, these units provide powerful performance while running on propane, ensuring your food stays fresh without relying on electricity. Ideal for cabins, RVs, and homesteading, they combine convenience, durability, and sustainability in one compact design.

DUAL POWER

Dual Power feature provides the flexibility of propane (LPG) and a 110V backup, ensuring reliable performance whether you're off-grid or need a dependable power source.

FLAME INDICATOR

The flame indicator on our propane fridge provides peace of mind by clearly showing when the burner is lit, ensuring safe and efficient operation while keeping your food fresh.

ALARM DEVICE WITH SAFETY SHUT-OFF

Designed to provide instant alerts and automatically cut off power if needed, ensuring your fridge operates safely and securely at all times.

BATTERY IGNITION

Say goodbye to matches and lighters with our Battery-Operated Ignition—a push-button start that ignites your fridge effortlessly, bringing you convenience and reliability with every use!

SOLAR REFRIGERATOR AND FREEZERS

Off-Grid Solar Refrigerators and Freezers offer sustainable cooling solutions for remote living. Powered by solar energy, these units provide reliable performance with minimal environmental impact. Ideal for off-grid homes, cabins, and RVs, they combine eco-friendly technology with convenience.

DC SOLAR, 12V / 24V

Stay cool anywhere with our DC Solar-powered fridge, offering reliable refrigeration on both 12V and 24V systems. Perfect for off-grid living, camping, and eco-conscious cooling solutions, it's energy-efficient and cost-effective.

IN-LINE FUSE FOR PROTECTION

Safeguard your system from electrical overloads and short circuits, giving you peace of mind while maintaining reliable, efficient cooling anywhere.

OPERATIONAL ERROR CODE WARNING SYSTEM

Stay ahead of potential issues with our solar fridge's built-in Operational Error Code Warning System. Instantly detect and diagnose any operational errors, ensuring quick resolutions and minimizing downtime for continuous, reliable performance.

Embrace the timeless appeal of mechanical dials and switches—offering tactile precision and classic functionality reminiscent of the 1950s. Built for durability and ease of use, they deliver a satisfying, hands-on cooking experience with every turn and click.

Chrome Finished Accents

Add a touch of vintage elegance with gleaming chrome-finished accents that capture the iconic style of a 1950s kitchen. These polished details elevate your range with a refined, retro look that's as eye-catching as it is timeless.

Slide-in or Freestanding Installation

Designed for ultimate flexibility, this range offers both slide-in and freestanding installation options to suit any kitchen layout. Add the optional backsplash for a classic built-in look that enhances both style and functionality.

Retro Design

Add timeless character to your kitchen with our retro-inspired range hood, designed to blend vintage charm with modern performance. Featuring sleek lines, bold curves, and nostalgic detailing, it's the perfect statement piece for those who appreciate classic style with contemporary functionality.

3 Speed CFM Blower

Experience superior ventilation with our powerful fan speed (400-500 CFM), engineered to quickly and quietly clear smoke, steam, and cooking odors. Whether you're searing, simmering, or sautéing, this range hood ensures your kitchen stays fresh and comfortable.

Dual LED Lamps

Illuminate your cooktop with clarity using dual LED lamps that provide bright, energy-efficient lighting. These long-lasting lights enhance visibility and add a stylish touch to your kitchen ambiance.

Energy Efficient Units

Enjoy both savings and sustainability with our energy-efficient units. Designed to minimize energy consumption while maintaining optimal performance, these units help reduce your carbon footprint and lower utility costs, all without compromising on quality or functionality.

PROPANE RANGES

Built for life beyond the grid, our propane ranges deliver powerful, reliable performance without the need for electricity. Perfect for cabins, RVs, and homesteads, they offer a compact, durable design that blends everyday convenience with long-term sustainability—so you can cook with confidence, wherever you call home.

QUALITY SEALED BURNERS

Experience reliable cooking power with high-quality sealed burners that deliver even heat and easy cleanup. Built to withstand daily use, these durable burners are perfect for off-grid kitchens that demand both performance and practicality.

HIGH BROIL BURNER

Take your cooking to the next level with high broil burners that deliver intense, even heat for perfect browning and searing. Ideal for everything from crisping casseroles to finishing steaks, they bring professional-level results to your off-grid kitchen.

2 X ADJUSTABLE OVEN RACKS

Designed for flexibility and strength, our adjustable heavy-duty oven racks easily accommodate everything from large roasts to multiple baking trays. Built to last, they provide stable support and effortless repositioning for all your cooking needs.

BATTERY OPERATED IGNITION SYSTEM

Say goodbye to matches and lighters with our Battery-Operated Ignition—a push-button start that ignites your fridge effortlessly, bringing you convenience and reliability with every use!
